**CHANGE OF BORDERS OF THE AREA IN HOPENDJUPET, WITHIN THE FISHERY PROTECTION ZONE AROUND SVALBARD, WHICH IS CLOSED FOR SHRIMP FISHERIES WITH TRAWL – SVALBARD G-07,7**

Reference is made to our decision of 3 May 2010.

Please be informed that a Norwegian survey has revealed that the amount of undersized fish in the catches is found to be within acceptable levels in parts of the area in Hopen djupet, within the Fishery Protection Zone around Svalbard, which is closed for shrimp fisheries with trawl. Due to the results of the survey, the Directorate of Fisheries has decided to **change the borders** of the closed area.

The decision is given force as of **10 June 2014**.

The area now closed for shrimp fisheries with trawl in Hopen djupet, is limited by straight lines between the following positions:

1. N 75° 00,0' E 28° 00,0'
2. N 76° 53,0' E 29° 00,0'
3. N 76° 53,0' E 30° 00,0'
4. N 75° 25,0' E 30° 10,0'
5. N 75° 05,0' E 32° 00,0'
6. N 74° 45,0' E 32° 00,0'

then to position no.1

Yours sincerely

Hilde M. Jensen
